**60TH ANNUAL CONVENTION
AND SCIENTIFIC PROGRAM**

November 11-13, 2016

Marriott Quorum by the Galleria Hotel • Dallas-Addison, Texas

**THE EVOLUTION
of PSYCHIATRY**

**Past Accomplishments and
Future Endeavors**

GENERAL INFORMATION

MEETING LOCATION / HOTEL RESERVATIONS

The TSPP 60th Anniversary Annual Convention & Scientific Program will be held at the newly renovated Addison Marriott Quorum hotel near the Dallas Galleria Shopping Center at 14901 Dallas Parkway, Dallas 75254. The hotel is centrally located in the heart of Addison near premier restaurants, entertainment, & shopping. The hotel offers a complimentary shuttle to the Galleria every hour. A north Dallas landmark, the Addison, Texas hotel is close to the Village on the Parkway, Addison Circle Park, and Vitruvian Park. Relax and rejuvenate in the hotel's resort style outdoor pool and enjoy delicious dining in the on-site restaurant.

In addition to a significant reduction in the special guest room rate for TSPP Registrants, Attendees will receive:

- Late check out on Sunday until 2 pm for registrants attending the Scientific Program.
- Complimentary internet in all meeting space
- Complimentary self-parking (\$15 per car, per night)
- Complimentary high speed internet access in all guestrooms (\$12.95 per room, per night)

MEDICAL STUDENTS/RESIDENTS/ FELLOWS POSTER SESSION

Please make plans to view the posters presented, and meet the presenters, during the Friday evening Welcome Reception and Saturday's continental breakfast and refreshment breaks in Grand Ballroom F-J

SPECIAL EVENTS

THURSDAY – GOLF OUTING: For convention attendees, guests and golf enthusiasts arriving early, TSPP members have arranged a 1:00 pm tee time at the Indian Creek Golf Club. Meet in the hotel lobby at 12:15. Must be pre-registered to play. If interested, inquire at the TSPP registration desk.

THURSDAY – NETWORKING / SOCIAL MIXER FOR TSPP RESIDENT-FELLOW MEMBERS: The TSPP Resident-Fellow Members Section has arranged a special networking event for all TSPP, TSCAP and TAP medical students, residents and fellows in training on Thursday, 7:30-9:30 pm. To register for the Mixer, please complete the attached registration form.

FRIDAY – “CAREER LIFESTYLE: LOCUM TENENS” PROGRAM – TEXAS ACADEMY OF PSYCHIATRY: Exploring alternatives to practice, the Texas Academy of Psychiatry will conduct a complimentary program on “Career Lifestyle: Locum Tenens” for TAP members on Friday. TAP Members, to register for this complimentary program and reserve your seat, to be held on Friday, 2:00-3:30 pm, please complete the registration form.

The program is **open to all TSPP and TSCAP members** and you may register for a nominal registration fee - see registration form. Or, if you are not a member of TAP, but are a member of TSPP or TSCAP, and would like to attend the program for free, you may join TAP as an Affiliate Member for \$25.00 and attend the program Free! For more information contact txpsychiatry@aol.com or visit the Federation's website at www.txpsych.org

FRIDAY – SPECIAL PROGRAMS FOR RESIDENTS – RESIDENT FELLOW SECTION PROGRAM AND ACADEMIC PSYCHIATRY PROGRAM FOR RESIDENTS ON “RESIDENT WELLNESS”: The TSPP Resident-Fellow Member Section has planned a special program for all TSPP/TAP/ TSCAP Medical Students and Resident Members on Consultation/ Liaison Psychiatry, Psychosomatic Medicine and Update on Mental Health Policy” from 1:30 pm-2:30 pm to be followed by a program by the Academic Psychiatry Committee on “Resident Wellness” from 2:40 pm-3:30 pm. Register early and reserve your seat to attend these special programs.

UTMB DEPT OF PSYCHIATRY ALUMNI MEETING: The UTMB Department of Psychiatry Alumni (formerly known as the Titus Harris Society) has scheduled a dinner on Friday 8:30 pm - 10:30 pm following the TSPP Welcome Reception. For additional information and to register for the dinner, contact Maria Villarreal at 409-771-4713.

AWARDS

AWARDS RECEPTION / BANQUET

Saturday evening's festivities begin with a complimentary wine and cheese reception for registrants attending the Awards Banquet honoring the 2016 TSPP Award Recipients for their outstanding contribution to Psychiatry. Register early to reserve a table for your friends at this memorable evening! This year's honorees are:

DISTINGUISHED SERVICE
Patrick Holden, MD
(Posthumously)
San Antonio

PSYCHIATRIC EXCELLENCE
Carol S. North, MD
Dallas

SPECIAL SERVICE
Senator Charles Schwertner, MD
Georgetown

DR. SPENCER BAYLES OUTSTANDING TSPP MEMBER AWARD

This award named in memory of Dr. Spencer Bayles was established in 2010 to recognize members for outstanding and consistent participation in TSPP activities. The award will be presented during TSPP's Annual Business Luncheon on Saturday, November 12 so please plan to attend and thank your fellow colleague for his outstanding volunteer service. This year's recipients are:

Katherine A. Cowan, MD
Houston

Jordan Yee, MD
Fort Worth

DAVID PHARIS AWARD

The David Pharis Award will be presented to **NORTH TEXAS STATE HOSPITAL** to recognize significant contributions to safety and quality inpatient care and outcomes in State Hospitals. This year's award will be presented during TSPP's Annual Business Luncheon on Saturday, November 12. Please attend and express your appreciation to the organization selected for this degree of excellence.

5:30 pm - 6:30 pm	Executive Council	Mesquite Ballroom
6:30 pm - 8:30 pm	Welcome Reception with Exhibitors AND Poster Session	Grand Ballroom F-J
8:30 pm - 10:30 pm	UTMB Department of Psychiatry Alumni Dinner	Quorum Ballroom

SATURDAY, NOVEMBER 12, 2016

7:30 am - 8:30 pm	Registration	Foyer, Grand Ballroom D
7:30 am - 4:00 pm	Exhibits Open AND Poster Session	Grand Ballroom F-J
7:45 am - 8:15 am	Complimentary Continental Breakfast in Exhibit Hall for Meeting Registrants SPONSORED BY STRATEGIC BEHAVIORAL HEALTH	Grand Ballroom F-J
8:15 am - 5:00 pm	Scientific Program “EVOLUTION OF PSYCHIATRY – PAST ACCOMPLISHMENTS AND FUTURE ENDEAVORS”	Grand Ballroom A-E
10:30 am - 10:50 am	Refreshment Break and Door Prize Drawings with Exhibitors and Poster Session SPONSORED BY STRATEGIC BEHAVIORAL HEALTH	Grand Ballroom F-G
11:50 am - 12:10 pm	Refreshment Break and Door Prize Drawings with Exhibitors and Poster Session	Grand Ballroom F-G
12:10 pm - 1:30 pm	Lunch	Vista Ballroom
2:30 pm - 2:50 pm	Refreshment Break and Door Prize Drawings with Exhibitors and Poster Session SPONSORED BY TRIS PHARMA, INC	Grand Ballroom F-G
4:00 pm	Exhibits Close	Grand Ballroom F-G
6:30 pm - 7:00 pm	Reception for Awards Banquet Attendees	Vista Ballroom
7:00 pm - 9:00 pm	Awards Banquet	Vista Ballroom

SUNDAY, NOVEMBER 13, 2016

7:30 am - 2:00 pm	Registration	Foyer, Grand Ballroom
8:00 am	Complimentary Continental Breakfast for Meeting Registrants	Grand Ballroom A-E
8:15 am - 1:00 pm	Scientific Program “EVOLUTION OF PSYCHIATRY – PAST ACCOMPLISHMENTS AND FUTURE ENDEAVORS”	Grand Ballroom A-E
10:30 am - 10:45 am	Refreshment Break	Foyer, Grand Ballroom A-E

SCIENTIFIC PROGRAM

“Evolution Of Psychiatry – Past Accomplishments And Future Endeavors”

SCIENTIFIC PROGRAM SCHEDULE

SATURDAY, NOV. 12 (6 AMA PRA CATEGORY I CREDITS™)

8:15 am-8:30 am Opening Remarks

8:30 am-10:30 am **EVOLUTION AND FUTURE DIRECTIONS IN PSYCHOPHARMACOLOGY AND TREATMENT OF ANXIETY DISORDERS**

Robert Hudak, MD

Professional practice gap: Psychopharmacology approaches to the treatment of anxiety disorders are rapidly evolving. The speaker will discuss current psychopharmacology treatment of anxiety disorders.

The activity is designed to improve knowledge of evolving treatment approaches for anxiety disorders which are cost-effective and efficacious.

Objectives:

1. Describe the role of psychopharmacology in the treatment of anxiety disorders.
2. Discuss DSM-5 differential diagnostic criteria for diagnosing anxiety disorders.
3. Discuss why OCD was removed from the Anxiety Disorders Classifications

10:30 am-10:50 am Refreshment Break

10:50 am-11:50 am **EVOLUTION AND FUTURE DIRECTIONS IN THE TREATMENT OF NEUROINFLAMMATION – AN UNDERLYING MECHANISM OF DEPRESSION**

Marisa S. Toups, MD

Professional practice gap: Neuroinflammation is known to be an underlying mechanism of depression. According to the WHO depression is one of the most prevalent serious brain disorders and the primary cause of disability in the world. There is a gap in knowledge of the mechanisms involved in neuroinflammation and depression. Cell mediated immune response, inflammatory and oxidative stress pathways and their sequelae play a role in the pathophysiology of depression.

The activity is designed to change competence by educating participants on the mechanisms involved in neuroinflammation and depression.

Objectives:

1. Describe the role and mechanism of inflammation and the relationship to depression.
2. Discuss the application of the knowledge of inflammation in the treatment of depression and the inflammatory triggers to avoid in the treatment of depression.

11:50 am-12:10 pm Refreshment Break

12:10 pm-1:30 pm Lunch

1:30 pm- 2:30 pm **PANEL: TEXAS RECOVERY TO PRACTICE IN PSYCHIATRY PROGRAM**

Michael Escamilla, MD, PhD

John Kliewer, MD

Juan M. Zavala, MD

Professional practice gap: Psychiatric rehabilitation in the form of Recovery was developed as a means to address deficits in mental health services that focus mainly on pharmacological intervention. Recovery fosters independence by helping to develop skills for daily living, interpersonal interactions, education and employment in order to enhance a person's ability to live in the community successfully and to reach their full potential.

Objectives:

1. Describe the basic principles of Recovery.
2. Distinguish between a Recovery-oriented approach and a traditional approach to behavioral health care.
3. Recognize that Recovery principles can be used to deliver integrated treatment for multiple issues in a variety of settings and circumstances.

2:30 pm-2:50 pm Refreshment Break

2:50 pm-4:50 pm **EVOLUTION AND FUTURE DIRECTIONS IN PSYCHOPHARMACOLOGY AND NEWER MEDICATIONS / DRUG INTERACTIONS**

Stephen R. Saklad, Pharm.D, BCPP

Professional practice gap: The professional practice gap being addressed is knowledge regarding potential drug-drug interactions between newly released psychotropic medications and commonly used medications in primary care settings. Polypharmacy may lead to adverse outcomes including increased morbidity and mortality, hospitalization, and decreased quality of life.

The activity is designed to educate participants regarding common and potentially harmful medication interactions.

Objectives:

1. Identify common drug-drug interactions between recently released psychotropic medications and commonly used medications in primary care.
2. Describe presenting symptoms patient's experience with commonly seen psychotropic medication interactions.

4:50 pm-5:00 pm Closing Remarks

SCIENTIFIC PROGRAM

“Evolution Of Psychiatry – Past Accomplishments And Future Endeavors”

SCIENTIFIC PROGRAM SCHEDULE

SUNDAY, NOVEMBER 13 (4 AMA PRA CATEGORY I CREDITS™)

8:15 am-8:30 am Opening Remarks

8:30 am- 9:30 am **BOTULINUM TOXIN: TREATMENT OF DEPRESSION**
Michelle Magid, MD

Professional practice gap: Many of the traditional treatment approaches for depression are either ineffective or unacceptable for some patients. There have been a small number of studies indicating the use of botulinum toxin may be an alternative means of treatment for some depressed patients. Though larger studies are needed, the use of botulinum toxin is emerging as a potential treatment modality for patients with major depressive disorder.

The activity is designed to educate participants regarding the current literature on the use of botulinum toxin for the treatment of depression.

Objectives:

1. Describe the somatic feedback loop hypothesized in the use of botulinum toxin for the treatment of depression.
2. Identify the current status of the use of botulinum toxin for the treatment of depression.

9:30 am-10:30 am **EVOLUTION AND FUTURE DIRECTIONS IN THE PSYCHOPHARMACOLOGICAL TREATMENT OF PREGNANCY AND POSTPARTUM**
Lucy J. Puryear, MD

Professional practice gap: This session addresses the risks and benefits of prescribing psychotropic medications during pregnancy. Recent literature has been conflicting at times regarding the relative safety of antidepressants during pregnancy and the potential outcomes for teratogenic effects and development. Other medications such as antipsychotics and mood stabilizers have differing levels of teratogenic effects and are often considered in the context of poorly controlled schizophrenia or bipolar illness in pregnancy.

The activity is designed to enhance the knowledge of participants in the relative risks and benefits of psychotropic medication use in pregnancy, treatment alternatives, and the risk of uncontrolled psychosis and mood disorders.

Objectives:

1. Describe the relative risks and benefits of psychotropic medications in the first, second, and third trimesters of pregnancy.
2. Discuss alternative treatments of psychiatric disorders during pregnancy.

10:30 am -10:45 am Refreshment Break

10:45 am-12:45 pm **ETHICS: THE MAJOR FINDINGS OF MENTAL HEALTH LITERACY RESEARCH AND WHY THEY MATTER**
John Z. Sadler, MD

Professional practice gap: Ethical practice and research in psychiatry continues to be challenging with emerging biotechnologies, funding challenges, and conflicting ethical principles. This presentation will discuss commonly encountered ethical challenges, prioritizing ethical principles, and how and when to seek ethics consultation in practice and research.

The activity is designed to improve the knowledge of participants regarding commonly encountered misperceptions about psychiatry and how to overcome these barriers to care and seek ethical consultation when needed. Stigma about seeking treatment continues to be a major barrier to treatment, especially for some groups of patients.

The presentation will enable psychiatrists to communicate more effectively with patients and other clinicians to decrease stigma and improve access to care

At the end of this presentation, participants should be able to:

1. Describe the range of attitudes the public holds towards psychiatrists and psychiatry.
2. Describe the major resistances to help-seeking in mental health.
3. Describe the major foci of patient, and would-be patient education regarding mental health care, especially by psychiatrists
4. Describe the importance of ethical conduct and virtue in reducing bias against mental health help seeking.

12:45 pm-1:00 pm Closing Remarks

CME PROGRAM GOAL / TARGET AUDIENCE

This live activity has been designed in a format consisting of case study presentations, lectures and direct discussion to provide its primary target audience of Psychiatrists, as well as other specialties of medicine, with the most up-to-date, evidence-based data that can be translated into clinical practice.

Information and data will address, new developments in treatments and new directions in research to address the professional practice gaps of the learners and advance the physicians' competence and effective use of targeted skills so that they may develop strategies to apply the knowledge, skills and judgement of the information presented in the educational activity into their practice.

The learning objectives for this activity have been designed to address clinician competence.

NEEDS ASSESSMENT

TSPP has incorporated into this CME activity the relevant educational needs concerning competence that underlie the professional practice gaps of our participants.

ACCREDITATION STATEMENT

The Texas Society of Psychiatric Physicians is accredited by the Texas Medical Association to provide continuing medical education for physicians.

CREDIT STATEMENT

The Texas Society of Psychiatric Physicians designates this Live Activity for a maximum of ten (10) *AMA PRA Category I Credit*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ETHICS DESIGNATION STATEMENT

The presentation entitled “The Major Findings of Mental Health Literacy Research and Why They Matter” has been designated by the Texas Society of Psychiatric Physicians for two (2) hours of education in medical ethics and/or professional responsibility.

FACULTY AND PLANNERS DISCLOSURE POLICY

The Texas Society of Psychiatric Physicians will disclose to participants the existence of any relevant financial relationships between faculty members, TSPP staff and members, who planned, authored, contributed to, and/or reviewed the content of this activity, and any commercial interest discussed in this educational activity. Disclosure will occur through written communication in the syllabus / handout material.
