

Texas Psychiatrist

Join TSCAP at Our Annual Meeting

Dawnelle J. Schatte, MD, President, Texas Society of Child and Adolescent Psychiatry

Dawnelle J. Schatte, MD

The Texas Society of Child & Adolescent Psychiatry will hold its Annual Convention and Scientific Program July 17-19, 2015 at the Omni Fort Worth Hotel in Fort Worth, Texas. The Joint Sponsored CME scientific program, with nine (9) *AMA PRA Category I Credits™* is titled "Maximizing Your Impact: Doing More with Less" and will focus on how the practice of Child and Adolescent Psychiatry has evolved over the years with changes in how and with whom we practice.

Because of all of the changes, providers may feel overwhelmed with the demands from clients, consultants, accreditation, and managed care organizations. The scientific program will address this broad topic and help clinicians untangle the current issues in this complex area that has presented itself to healthcare. A wide range of interesting speakers with expertise in these areas has been pulled together to address these issues. They will help create an understanding for attendees about resources and how to col-

laborate efficiently. Our keynote speaker will be Karen Dineen Wagner, MD, PhD, Marie B. Gale Centennial Professor and Vice Chair, Director of Child and Adolescent Psychiatry, Department of Psychiatry and Behavioral Sciences, University of Texas Medical Branch at Galveston. She is an expert in evidence-based pharmacologic management of youth. She will discuss Optimizing Treatments of Depressive Disorders. Dr. Scott Shannon, MD, ABIHM will address the Philosophy of Integrative Child Psychiatry. There will also be some of our wonderful past speakers returning. Dr. Steven Pliszka, Dielmann Distinguished Professor and Chair, Department of Psychiatry, UT Health Science Center, San Antonio will update us all on Collaborative Practice with Other Providers. Dr. Octavio N. Martinez, Jr., MD, MPH, MBA, FAPA, from the Hogg Foundation, is an expert on availability of services in Texas. He will address the Integration of Behavioral Health Services. Dr. Maria Lopez-Rosario, MD, Psychiatry Fellow and Meredith Chapman, MD, faculty

discussant, both from UT Southwestern will present the Resident Case Presentation: Doing More with Less in the Consult Setting. For psychiatrists who are already collaborating with physician extenders, or who are considering developing that as part of their practice, Moira Wertheimer, RN, JD, CPHRM will discuss the ethics of "Supervisory, Consultative and Collaborative Relationships: Liability Concerns with Split Treatment." Dr. Cindy Santos, MD, Clinical Professor, Department of Psychiatry and Behavioral Sciences, Division of Child and Adolescent Psychiatry, University of Texas at Houston Medical School will discuss how to efficiently keep up with Maintenance of Certification with the American Board of Psychiatry and Neurology.

My membership and involvement in TSCAP is very important to me, both as a clinician and mentor for students and psychiatry residents. My participation is part of my identity as a psychiatrist, and together as a group we co-create our vision of the field of psychiatry. I encourage you to attend the meeting for

both the educational merit and to network with other psychiatrists around the state. The Omni Fort Worth Hotel is a beautiful and relaxing setting and is ideal for bringing the family. The hotel is close to the historic Fort Worth Stockyards, as well as multiple museums. I hope to see you there. ■

CONGRATULATIONS

KAREN DINEEN WAGNER, MD, PhD

Elected AACAP President-Elect
October 2015-17
AACAP President 2017-2019

Legislative Update

Eric Woomer, Public Policy Consultant, Federation of Texas Psychiatry

The 84th Texas Legislature has now adjourned Sine Die, and it was a remarkably successful session for mental health in many respects. There were tremendous gains from a policy standpoint as well as from a budgetary perspective. There were a couple of notable setbacks, but on balance the session was very good to the practice of psychiatry.

First, with respect to the budget, Texas lawmakers in both chambers overwhelmingly approved a \$209.4 billion two-year budget, a 3.6 percent increase over the current one. The budget leaves \$6.4 billion unspent, including \$2.9 billion under the state's constitutional spending cap, which limits the growth of some state funds. Lawmakers also left untouched another \$11 billion in the state's Rainy Day Fund, which

is fed by oil and gas production taxes. The budget also includes funding to cover \$3.8 billion in property tax relief and franchise tax cuts for Texas businesses. Another \$800 million going to border security funding, and lawmakers provided a occupations tax cut to physicians and other professionals.

Critics believe the \$61.2 billion legislators budgeted for the next two years of Medicaid almost certainly won't be enough, and the state will probably have to pump in more money before the biennial budget cycle is through.

Graduate medical education and physician specific programs fared well. The budget reflects approval of \$57 million in new GME funding, which includes \$53 million for GME expansion grants over the biennium, compared with current \$14.3 million.

One of the key GME bills was Senate Bill 18 by Sen. Jane Nelson, which expands and funds several key GME programs, including \$3.5 million for GME planning and partnership grants; \$32.55 million for creation of new first-year GME positions at \$75,000 per resident/per year; \$12m of this is specifically for new GME positions that prepare physicians for entry into primary care; \$9.75m for unfilled first-year GME positions; and \$7.2M for continued grant support to residency positions that were

created with state grants this biennium.

Additionally, S.B. 239 by Sen. Charles Schwertner, to expand the mental health workforce by creating a loan repayment program to benefit psychiatrists, psychologists and other mental health professionals. The legislation creates a \$5 million dollar loan repayment program for the next 5 years.

The budget also increases medical school funding by 3% or \$1,321 in annual per student formula funding, a net increase of \$48 million for a state total of \$601 million. Joint Admission Medical Program (JAMP) remained constant at \$10.21 million for the biennium, and the State Physician Education Loan Repayment Program also remained level at \$33.8 million.

This year, the Sunset Review process looked specifically at the healthcare enterprise agencies under the Health and Human Services Commission umbrella. Notably, legislators passed an HHSC reform bill, but did not consolidate all health agencies into the Commission, as was originally envisioned. The Department of State Health Services remains an independent entity with an independent commissioner. Remarkably, all the sunset bills related to HHSC agencies passed the Legislature – in recent years, large agencies typically

Eric Woomer

undergo sunset review at least twice before the Legislature finally enacts reforms.

Lawmakers enacted HB 2216 by Rep. Garnet Coleman and HB 2708, also by Coleman, both of which address the stigma associated with mental illness when Texans pursue their driver's license. These bills strikes the question on the driver's license application regarding mental illness status and permit Texans who may have a history of mental illness to teach driver education programs to their family members.

SB 674 by Sen. Donna Campbell deals with suicide prevention. The bill replaces instruction in detection of students with mental or emotional disorders with instruction regarding mental health, substance abuse, and youth suicide as instruction a person must receive as part of the training required to obtain certain educator certification. Also, Rep. Senfronia Thompson

TSCAP Annual Convention & Scientific Program

"Maximizing Your Impact: Doing More With Less"

July 17-19, 2015 • Omni Fort Worth Hotel • Fort Worth, TX

GENERAL INFORMATION

MEETING LOCATION / HOTEL RESERVATIONS

TSCAP's Annual Convention and Scientific Program will be held at the beautiful Omni Fort Worth Hotel, 1300 Houston Street, in downtown Fort Worth. A special TSCAP discounted room rate of \$170.00 is available to program registrants **until JUNE 15 or upon sellout, whichever occurs first!!** Make your hotel reservation today by calling **1-800-THE-OMNI (1-800-843-6664)** or visit:

<http://www.omnihotels.com/FindAHotel/FortWorth/MeetingFacilities/TexasSocietyofChildandAdolescentPsychiatry7.aspx>

And, be sure to enroll online at www.omniselectguest.com to become a member of the Omni Select Guest program and receive complimentary benefits during your stay!

OMNI FORT WORTH AMENITIES

Located across the street from the beautiful Fort Worth Water Gardens, the Omni Fort Worth Hotel offers the "Omni Sensational Kids Program" with special amenities for children staying at the hotel; in addition, the hotel features a state-of-the-art fitness center and full-service health club; heated outdoor swimming pool and outdoor whirlpool; revitalizing spa featuring steam/inhalation room; sauna and luxurious massage treatments, scenic hiking, walking, jogging and biking paths located nearby along the Trinity River.

Or, take a ride on the trolley and enjoy beautiful Sundance Square Plaza and live entertainment. With activities and amenities for everyone, Fort Worth and the Omni Hotel is the perfect location for TSCAP's 2015 Annual Meeting!

MEETING REGISTRATION

The earlier you register, the greater the savings on meeting registration AND hotel reservations! To take advantage of the **Special Discounted Registration Fees**, please remit your meeting registration **PRIOR TO JUNE 15**. If paying by credit card you may fax your meeting registration form to 512-478-5223. A confirmation of your registration will be sent IF you include your email address.

OPENING WELCOME RECEPTION WITH EXHIBITORS

Check in early and join your friends and colleagues at the complimentary Welcome Reception for all TSCAP attendees! The welcome reception will be held Friday evening, July 17. Visit throughout the evening with your friends, colleagues and exhibitors in a relaxing atmosphere and become eligible for special door prize drawings to be awarded on Saturday!

EXHIBITS

TSCAP's Welcome Reception, Continental Breakfasts and Refreshment Breaks, will be held in Fort Worth Ballroom 1-4, Omni Fort Worth Hotel. Please make plans to visit with the Exhibitors during the Friday Welcome Reception AND enter to win the drawings for door prizes to be awarded throughout the day on Saturday. Exhibit hours:

- Welcome Reception - Friday - 6:30 pm - 8:30 pm
- Continental Breakfast - Saturday - 7:30 am - 8:10 am
- Refreshment Break - Saturday - 10:30 am - 10:50 am
- Refreshment Break - Saturday - 11:50 am - 12:10 pm
- Refreshment Break - Saturday - 1:10 pm - 1:30 pm
- Exhibitors Tear Down and Depart - Saturday - 3:00 pm - 4:00 pm

PROGRAM AT A GLANCE

Friday, July 17	1:00 pm - 5:30 pm	Exhibit Set-Up	Fort Worth Ballroom 1-4
	4:00 pm - 5:30 pm	TSCAP Executive Cmte Mtg	Stockyards 2
	6:30 pm - 8:30 pm	Welcome Reception w/Exhibitors	Fort Worth Ballroom 1-4
Saturday, July 18	7:30 am - 8:10 am	Continental Breakfast w/Exhibitors	Fort Worth Ballroom 1-4
	8:00 am - 3:45 pm	CME Program	Fort Worth Ballroom 5-8
	10:30 am - 10:50 am	Refreshment Break	Fort Worth Ballroom 1-4

“Maximizing Your Impact: Doing More With Less”

CME PROGRAM SCHEDULE

Saturday, July 18 (6 Hours of Category 1 CME Credit)

8:00 - 8:30 am Welcome & Opening Remarks

8:30 - 9:30 am **KEYNOTE: Maximizing Treatment of Depressive Disorders in Youth**
Karen Dineen Wagner, MD, PhD

Objectives: The learning objectives for this activity have been designed to address clinician competence. Upon conclusion of the activity participants should be able to:

- Describe diagnostic strategies and current best practice recommendations for treatment of children and adolescents with mood disorders.

9:30 - 10:30 am **The Philosophy of Integrative Child Psychiatry**
Scott Shannon, MD, ABIHM

Objectives: The learning objectives for this activity have been designed to address clinician competence. Upon conclusion of the activity participants should be able to:

- Evaluate potential benefits of integrating complementary and alternative treatments into mental health practice.

10:30 - 10:50 am Refreshment Break

10:50 - 11:50 am **Behavioral Health Integration**
Octavio N. Martinez, Jr., MD, MPH, MBA, FAPA

Objectives: The learning objectives for this activity have been designed to address clinician competence. Upon conclusion of the activity participants should be able to:

- Critique treatment benefits of Integrated Medicaid behavioral health services, including targeted case management, mental health rehabilitative services and physical health services.

11:50 - 12:10 pm Refreshment Break

12:10 - 1:10 pm **LUNCH: Resident Case Presentation: Doing “More with Less” in the Consult Setting**
Maria Lopez-Rosario, MD, Psychiatry Fellow
Meredith Chapman, MD, Discussant

Objectives: The learning objectives for this activity have been designed to address clinician competence. Upon conclusion of the activity participants should be able to:

- Identify three barriers and potential solutions to collaborative, integrated care in consultative practice with medically ill children.
- Identify placement options for children with and without private funding sources.
- Compare and contrast potential treatment outcomes for patients with integrated versus siloed consultative services.

1:10 - 1:30 pm Refreshment Break

1:30 - 3:30 pm **Collaboration of Psychiatrists and Primary Care Practitioners**
Steven R. Pliszka, MD

Objectives: The learning objectives for this activity have been designed to address clinician competence. Upon conclusion of the activity participants should be able to:

- Assess the benefits and risks of collaboration with primary care practitioners for mental health delivery.

3:30 - 3:45 pm Closing Remarks

Sunday, July 19 (3 Hours of Category 1 CME Credit)

8:45 - 9:15 am Welcome & Opening Remarks

9:15 - 11:15 am **ETHICS: Supervisory, Consultative and Collaborative Relationships: Liability Concerns with Split Treatment**
Moira Wertheimer, RN, JD, CPHRM

Objectives: The learning objectives for this activity have been designed to address clinician competence. Upon conclusion of the activity participants should be able to:

- Recognize supervisory, consultative and collaborative relationships and liability issues involved.

11:15 - 11:30 am Refreshment Break

11:30 - 12:30 pm **ABPN – How to Fit MOC into Practice**
Cynthia W. Santos, MD

Objectives: The learning objectives for this activity have been designed to address clinician competence. Upon conclusion of the activity participants should be able to:

- Establish strategies to efficiently complete the ABPN requirements for Maintenance of Certification.

SCIENTIFIC PROGRAM SPEAKERS

MEREDITH CHAPMAN, MD

Medical Director
Consultation/Liaison Service
Children's Medical Center
Assistant Professor
University of Texas Southwestern Medical Center
Dallas, Texas

MARIA LOPEZ-ROSARIO, MD

Child and Adolescent Psychiatry Fellow

Assistant Vice President
Healthcare Risk Management
AWAC Services Company
Farmington, Connecticut

ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Texas Medical Association (TMA) through the joint providership of the Texas Society of Psychiatric Physicians. The Texas Society of Psychiatric Physicians is accredited by TMA to provide continuing medical education for physicians.

The Texas Society of Psychiatric Physicians designates this Live Activity for a maximum of nine (9) *AMA PRA Category I Credits*™. Participants should claim only the credit commensurate with the extent of their participation in the activity.

The presentation entitled “ETHICS: Supervisory, Consultative and Collaborative Relationships: Liability Concerns with Split Treatment” has been designated by the Texas Society of Psychiatric Physicians for two (2) hours of education in medical ethics and/or professional responsibility.

TARGET AUDIENCE/PROGRAM OBJECTIVES

This live activity has been designed with didactic lectures supplemented with clinical vignettes, audiovisual presentation, direct discussion, panel discussion and a case study presentation in multiple educational sessions.

The program is designed to provide its' primary target audience of Child and Adolescent Psychiatrists, General Psychiatrists and other specialties of medicine in the State of Texas, with clinically-relevant information to advance the physician's competence and effective use of targeted skills so that they may develop strategies to apply the knowledge, skills and judgment of the information presented in the educational activity into their practice.

NEEDS ASSESSMENT

TSCAP has incorporated into this CME activity the relevant educational needs concerning competence that underlie the professional practice gaps of our participants.

FACULTY AND STAFF DISCLOSURE POLICY

The Texas Society of Child and Adolescent Psychiatry will disclose to participants the existence of any relevant financial relationships between faculty members, TSPP staff and members, who planned, authored, contributed to, and/or reviewed the content of this activity, and any commercial interest discussed in this educational activity.

Disclosure will occur prior to the presentations through written communication in the syllabus or handout material and through oral communication to the audience by the moderator or chair.

New Officers Installed

At the conclusion of the TSPP/TAP Spring Meeting in Austin during the weekend of April 25-26, four organizations of the Federation installed new officers for fiscal year 2015-16. Congratulations!

Federation of Texas Psychiatry

Chairman

Debra Atkisson, MD, Fort Worth

Vice Chairman for Education

Brigitte Y. Bailey, MD, San Antonio

Vice Chairman for Public Policy

J. Clay Sawyer, MD, Waco

Secretary-Treasurer

Lynda M. Parker, MD, Georgetown

Immediate Past Chairman

Regina K. Cavanaugh, MD, Temple

At-Large Member

Daniel B. Pearson, III, MD, Dallas

At-Large Member

Leslie H. Secrest, MD, Dallas

Texas Society of Psychiatric Physicians

President

Daniel B. Pearson, III, MD, Dallas

President-Elect

Daryl K. Knox, MD, Houston

Secretary-Treasurer

Terry C. McMahon, MD, Lubbock

Immediate Past President

Mark S. Jacobs, MD, Houston

Texas Academy of Psychiatry

President

Gary L. Etter, MD, Fort Worth

President-Elect

Lynda M. Parker, MD, Georgetown

Secretary-Treasurer

Debra Atkisson, MD, Fort Worth

Immediate Past President

Conway L. McDonald, MD, Dallas

Texas Foundation for Psychiatric Education and Research

Chairman

J. Clay Sawyer, MD, Waco

Vice Chairman

Richard L. Noel, MD, Houston

Treasurer

Gary L. Etter, MD, Fort Worth

Secretary

Arturo Rios, MD, Houston

Immediate Past Chairman

Linda J. Rhodes, MD, San Antonio

Texas Society of Child and Adolescent Psychiatry

TSCAP will install their new Officers during the Annual Convention in Fort Worth, July 17-19.

Daniel B. Pearson, III, MD of Dallas was installed as TSPP's President at the April TSPP Executive Council meeting.

TSPP is an Accredited with Commendation Provider of Continuing Medical Education. Recently, TSPP had its re-accreditation audit by the Texas Medical Association. Pictured here during the CME audit are TSPP representatives Debbie Sundberg, Jefferson Nelson, MD, Gary Etter, MD, Matthew Jeffreys, MD, and TMA auditors Elias Ghandour, MD and Casey Harrison.

Legislative Update

continued from page 1

past HB 3404, which creates a study at the department of State Health Services to look at increasing private insurance coverage of post traumatic stress disorder.

And in another victory, despite an effort by the psychologist's association to enact prescribing legislation, they were unsuccessful in finding an author to offer the bills. Our message that prescribing should be reserved for physicians was well-received by the legislature. Clearly, our education efforts in this respect pay dividends.

Unfortunately, two of the Federation's priority bills did not survive. Legislators overwhelmingly passed SB 359 by Sen. Royce West, commonly referred to as the "emergency holds" bill, that allowed physicians to initiate a four-hour hold for patients they believed to be mentally ill that are a danger to themselves or others. Also passing both chambers overwhelmingly was HB 225 by Rep. Ryan Guillen, which created greater access to the opioid antagonist Naloxone for the prevention of overdoses. It also provided a "good Samaritan" exemption from prosecution for drug offenders to encourage calling emergency personnel when an overdose takes place.

Unfortunately, both of these bills were vetoed by Gov. Greg Abbott, despite the strong support from the Federation, the Texas Medical Association, the Texas Hospital Association, the sheriff's association, and mental health organizations like NAMI-Texas

and MHAT-Texas. The veto was a disturbing and sad turn of events, and occurred despite intense lobbying of the governor's office in support of the bills. Ultimately, an ad hoc coalition of "liberty"-minded activists characterized the bill as violation of Texan's civil liberties – a preposterous charge unsupported by the facts. Clearly, a profound education effort with respect to the governor's office is necessary during the interim.

More generically, the Legislature enacted SB 751, allowing for biological substitutions of certain medications while preserving a physician's prerogative to indicate "dispense as written" on the prescription. Lawmakers also passed House bill 839, which retains a juvenile offender's eligibility for Medicaid when they emerge from detention facilities. Without this change, mental health services can be interrupted,

and continuity of care for youthful offenders with mental illness problems is compromised.

The Federation worked extremely diligently to protect the interests of psychiatric physicians. We appreciate the willingness of the membership to provide expert testimony and reach out to legislators to endorse particular bills. Please let us know if you have any questions. ■

Call me for a quote.

Medical professional liability policies can vary widely from one company to the next. It is important for psychiatrists to know the full – and accurate – story on a policy. Whether it is reviewing the difference between occurrence and claims-made policies or explaining how another policy might leave the doctor with an uninsured risk, I have done my job when I help psychiatrists evaluate their options to make the right choice.

More than an insurance policy

Fair American Insurance and Reinsurance Company - New York, NY

TSPP 59th Annual Convention & Scientific Program

“Evolving Treatment And Treatment Delivery For Psychiatric Illness”

November 19-22, 2015 • Moody Gardens Hotel, Galveston, Texas

MEETING LOCATION/HOTEL RESERVATIONS

The 20 million dollar renovation is complete and TSPP's 59th Annual Convention and Scientific Program will be held at the all new Moody Gardens Hotel and Spa, One Hope Blvd., in Galveston, Texas. The Hotel and Spa is set among 242 acres of botanical beauty and accented by magnificent pyramids that contain a living rainforest, a Texas-sized aquarium and a Giant Screen 3-D Theatre. And, just in time for our convention, even more new attractions will begin opening for the holiday season... the Festival of Lights, Ice Sculptures / Exhibit, and special holiday treats for all ages!

A special TSPP discounted room rate of **\$142** is available to program registrants for reservations placed **before October 27, or upon sell-out**, whichever occurs first. **Make your hotel reservation today by calling 1-888-388-8484 and request the 'Texas Society of Psychiatric Physicians' Annual Convention rate.**

RESIDENT / TRAINEES POSTER SESSION

In order to familiarize Texas psychiatrists with the research efforts and achievements of their colleagues, the TSPP Continuing Medical Education Committee is soliciting scientific posters from TSPP and TSCAP Residents and Trainee Members.

The posters need not be especially made for this meeting. Posters presented at the APA or at other scientific meetings within the last year would be appropriate. TSPP's goal is to support collaborative interaction among the Texas researchers and also to familiarize the general membership about new advances made in the state. The deadline for poster applications is **October 21, 2015**. For a copy of the Poster Application Form, please visit www.txpsych.org or contact tsppofc@aol.com.

 8:15 am - 12:45 pm Scientific Program
 10:30 am - 10:45 am Refreshment Break

SPECIAL EVENTS

THURSDAY GOLF OUTING - Polish up on your golf game in a seaside location! The course highlights its' unique seaside tropical feel with 18 holes meandering through upland and lowland native areas, natural wetlands habitat of beautiful Sydnor Bayou and over 500 palm trees. For those convention attendees, guests and golf enthusiasts arriving early, TSPP members are arranging a tee time for a group play. If you are interested in playing, please be sure to check the Golf Section box on the TSPP Registration Form and additional information will be emailed to you.

THURSDAY - MEDICAL STUDENTS, RESIDENT-FELLOW MEMBERS

The TSPP Resident-Fellow Members Section (formerly Members-in-Training Section) has arranged a special social mixer for all medical students and resident-fellow members in training. Please plan to meet in the Moody Gardens Hotel lobby at 7:00 pm. To register to attend the mixer, please complete the attached registration form.

FRIDAY - RESIDENT-FELLOW MEMBERS SECTION PROGRAM - The TSPP Resident-Fellow Members Section (formerly Members-in-Training Section) has arranged a special program on **Community Psychiatry** presented by Dr. Camis Milam for all TSPP and TSCAP, medical students, residents and fellows in training on Friday, 2-3:30 pm in the Ivy Room of the Moody Gardens Hotel. To register for this complimentary program and reserve your seat, please complete the attached registration form.

FRIDAY - ACADEMIC PSYCHIATRY PROGRAM - The Academic Psychiatrists will be having a program tailored for the specific interests of this group on Friday, 2-3:30 pm in the Vine 2 Room of the Moody Gardens Hotel. The program is titled: **Evolving Evaluations of Psychiatry Residents: Milestones* and More**, to be co-led by Drs. Tim Wolff (UT Southwestern) and Corinna Keenmon (Baylor College of Medicine). This program will have introductory remarks about the represented programs, then allow for faculty from the different psychiatry residency programs to discuss their successes and challenges of the evaluation process. Non-academicians will also be welcome to sit in to get an idea of current residency training. To register for this complimentary program and reserve your seat, please complete the attached registration form.

* Milestones are knowledge, skills, attitudes, and other attributes for each of the Accreditation Council for Graduate Medical Education (ACGME) competencies organized in a developmental framework from less to more advanced.

FRIDAY - TEXAS ACADEMY OF PSYCHIATRY - MINI WORKSHOP - The Texas Academy of Psychiatry will conduct another complimentary workshop entitled **Common Sense Approaches to Black Box Warnings and Caregivers in Geriatric Psychiatry** presented by Dr. Shealyn Bauder Cyr on Friday, 2-3:30 pm. To register to attend, please complete the attached registration form.

FRIDAY - UTMB DEPT OF PSYCHIATRY ALUMNI DINNER MEETING -

The UTMB Department of Psychiatry Alumni (formerly known as the Titus Harris Society) has scheduled a dinner on Friday 8:30 pm - 10:00 pm following the TSPP Welcome Reception. For additional information and to register for the dinner, contact Maria Villarreal at 409-771-4713.

AWARDS

AWARDS RECEPTION / BANQUET - Saturday evening's festivities begin with a complimentary wine and cheese reception for registrants attending the Awards Banquet honoring the 2015 TSPP Award Recipients for their outstanding contribution to Psychiatry. Register early to reserve a table for your friends at this memorable evening! **This year's honorees are:**

PSYCHIATRIC EXCELLENCE

Michael R. Arambula, MD
San Antonio

DISTINGUISHED SERVICE

Octavio N. Martinez, Jr., MD
Helotes

SPECIAL SERVICE

Carol A. Nati, MD
Fort Worth

Richard L. Noel, MD
Houston

DR. SPENCER BAYLES OUTSTANDING TSPP MEMBER AWARD - This award named in memory of Dr. Spencer Bayles was established in 2010 to recognize members for outstanding and consistent participation in TSPP activities. The award will be presented during TSPP's Annual Business Luncheon on Saturday, November 21 so please plan to attend and thank your fellow colleagues for their outstanding volunteer service. **This year's honorees are:**

William W. Bondurant, III, MD
Galveston

Meena B. Vyas, MD
Dallas

DAVID PHARIS AWARD - The David Pharis Award will be presented by the Department of State Health Services and TSPP to recognize significant contributions to safety and quality inpatient care and outcomes in State Hospitals. This year's award will be presented during TSPP's Annual Business Luncheon on Saturday, November 21. Please attend and express your appreciation to the organization selected for this degree of excellence.

Thank You to the following Sponsors and Exhibitors for their Support of TSPP's Annual Convention!

SCIENTIFIC PROGRAM SCHEDULE

“Evolving Treatment And Treatment Delivery For Psychiatric Illness”

SATURDAY, NOVEMBER 21 6 Hours Category I Credit

8:15 - 8:30 am Opening Remarks
8:30 - 10:30 am **Treatment Options for Treatment Resistant Affective Disorders: Brain Stimulation TherapiesMustafa M. Husain, MD Bipolar DisorderJair C. Soares, MD**

PROFESSIONAL PRACTICE GAP: Review current and best practice treatment options available for Treatment Resistant Depression (TRAD).

The activity is designed to change competence by educating participants on the various treatments available.

OBJECTIVES: At the end of this session, participants should be able to:

- Identify Treatment Resistant Affective Disorders.
- Identify and describe differences between ECT, TMS, VNS, DBS for the treatment of TRAD.
- Outline new and traditional treatment options for TRAD and assign to which patient type (ie, acute) they're most appropriate.

10:30-10:50 am **Refreshment Break with Exhibitors and Poster Session Door Prize Drawings**

10:50-11:50 am **The Science Behind the Orexin Signaling System and its Role in Controlling WakefulnessJohn J. Renger, PhD**

PROFESSIONAL PRACTICE GAP: Recent studies have implicated the orexin system as a critical regulator of sleep/wake states. (NIH 2009) This has resulted in the FDA approving a unique medication to treat individuals with insomnia (2014). This medication with a unique mode of action unlike prior hypnotics has presented a major gap in knowledge to clinicians.

This activity is designed to change competence by educating participants of the orexin system.

OBJECTIVES: At the end of this session, participants should be able to:

- Understand the biology of the orexin neuropeptide system in controlling wake and sleep.
- Understand the differences in the scientific rationales for why GABA modulating drugs work in causing sleep compared with how orexin receptor antagonists function.
- Describe the biological differences of targeting the GABA system with agonists versus using antagonists to reduce wakefulness by targeting the orexin system.

11:50 - 12:10 pm **Refreshment Break with Exhibitors and Poster Session**

12:10 - 1:30 pm **Lunch**

1:30 - 2:30 pm **The Science Behind the Pre-Clinical Discovery and Clinical Development Program of a Unique Medication to Treat InsomniaJohn J. Renger, PhD**

PROFESSIONAL PRACTICE GAP: Recent studies have implicated the orexin system as a critical regulator of sleep/wake states. (NIH 2009) This has resulted in the FDA approving a unique medication to treat individuals with insomnia (2014). This medication with a unique mode of action unlike prior hypnotics has presented a major gap in knowledge to clinicians.

This activity is designed to change competence and performance by improving the clinicians' clinical skills and providing updated guidelines for the treatment of sleep disorders.

OBJECTIVES: At the end of this session, participants should be able to:

- Understand the preclinical safety, translational medicine, and formulation studies that were done to support early clinical development.
- Gain an understanding of the extent of the full clinical program that supported the filing and approval of the new medication and receive a balanced overview of the efficacy, tolerability, and safety endpoints that were achieved in clinical studies.

2:30 - 2:50 pm **Refreshment Break with Exhibitors and Poster Session Door Prize Drawings**

2:50 - 3:50 pm **Update on Acute and Long Term Treatment for Bipolar Disorder in AdultsRobert M.A. Hirschfeld, MD**

PROFESSIONAL PRACTICE GAP: Updating the clinician on current best practices for pharmacotherapy in the treatment of bipolar disorder and monitoring for potential side effects such as metabolic syndrome.

This activity is designed to change competence by moving prescribing to evidence based treatment based upon the current research in the field and improving patient outcomes.

OBJECTIVES: At the end of this session, participants should be able to:

- Identify recommended pharmacotherapy and side effects for the acute manic or hypomanic phase of bipolar disorder.
- Identify recommended pharmacotherapy and side effects for the acute depressive phase of bipolar disorder.
- Identify recommended maintenance pharmacotherapy and monitoring for bipolar disorder

3:50 - 4:50 pm **Bipolar Disorder / Mood Dysregulation Disorder in Children and AdolescentsKaren Dineen Wagner, MD, PhD**

PROFESSIONAL PRACTICE GAP: Updating the clinician on current best practices for pharmacotherapy in the treatment of bipolar disorder and monitoring for potential side effects such as metabolic syndrome.

This activity is designed to change competence by moving prescribing to evidence based treatment based upon the current research in the field and improving patient outcomes.

OBJECTIVES: At the end of this session, participants should be able to:

- Describe the course of pediatric bipolar disorder.
- Explain effective treatments for bipolar disorder in children and adolescents.
- Describe the diagnosis and course of illness of disruptive mood dysregulation disorder.

4:50 - 5:00 pm **Closing Remarks**

SUNDAY, NOVEMBER 22 4 Hours Category I Credit

8:15 - 8:30 am **Opening Remarks**
8:30-9:30 am **Case Studies on Newer Imaging Techniques to Differentiate Between Complex Neuropsychiatric Disorders . . .Paul E. Schulz, MD**

PROFESSIONAL PRACTICE GAP: There is a huge increase expected in the number of Alzheimers / Neurocognitive Disease patients nationwide with the aging of the baby boomers. There is a lot of research in this area of investigation, imaging and treatment. Practitioners need to be well versed in current and possible future treatment options in this field in order to adequately serve the aging population.

The activity is designed to change competence by improving the knowledge of neurotransmitters, neuroimaging and treatment modalities in neurocognitive disease and improving clinical detection skills for neurocognitive disease.

OBJECTIVES: At the end of this session, participants should be able to:

- Discuss advances in neuroimaging and treatment modalities in neurocognitive disease.
- Distinguish between different tests for the early detection of neurocognitive disease.

9:30 - 10:30 am **Current Treatment Modalities and/or Clinical Management of Older Patients with Psychiatric and Behavioral SymptomsMark E. Kunik, MD**

PROFESSIONAL PRACTICE GAP: There is a huge increase expected in the number of Alzheimers / Neurocognitive Disease patients nationwide with the aging of the baby boomers. There is a lot of research in this area of investigation, imaging and treatment. Practitioners need to be well versed in current and possible future treatment options in this field in order to adequately serve the aging population.

The activity is designed to change competence by improving knowledge in the treatment of behavioral problems in patients with neurocognitive disease.

OBJECTIVES: At the end of this session, participants should be able to:

- Describe three common underlying causes of behavioral problems in persons with neurocognitive disease.
- Describe three non-pharmacologic approaches to behavioral problems in persons with neurocognitive disease.
- Describe a rationale pharmacologic treatment strategy for behavioral problems in persons with neurocognitive disease.
- Know how to best leverage the Alzheimer Association and other community resources to help caregivers address behavioral problems in persons with neurocognitive disease.

10:30 - 10:45 am **Refreshment Break**

10:45 - 12:45 am **ETHICS: Risk Management: Overcoming Barriers to Implementaton in TelepsychiatryAvrim Fishkind, MD & Moira Westheimer, RN, JD, CPHRM**

PROFESSIONAL PRACTICE GAP: Telemedicine is becoming an ever increasing treatment delivery system for psychiatry and has also presented unique ethical questions in medicine. The Texas Medical Board is considering how the state should regulate doctor patient relationships in cyberspace and has required physicians to have a face to face visit with patients. (Texas Tribune 2/15) This has resulted in a knowledge gap for psychiatrists.

This activity is designed to change competence by improving the knowledge of utilizing telepsychiatry in practice.

OBJECTIVES: At the end of this session, participants should be able to:

- Understand the ethical domains in the use of telepsychiatry and Recognize ethical, policy and legal considerations when using telepsychiatry with patients.
- Establish parameters that make the use of telepsychiatry ethical and Understand professional, boundary and safety and security considerations as well as general standard of care issues when using telepsychiatry
- Compare the use of telepsychiatry with Face to Face psychiatry
- Prepare attendees for the legal issues in implementing telepsychiatry
- Explore risk management and liability exposures when using telepsychiatry and identify risk mitigation strategies.
- Discuss case examples involving adult and minor patients.

12:45 - 1:00 pm **Closing Remarks**

SCIENTIFIC PROGRAM GOALS/TARGET AUDIENCE/LEARNING OBJECTIVES

This live activity has been designed in a format consisting of case study presentations, lectures and direct discussion to provide its primary target audience of Psychiatrists, as well as other specialties of medicine, with the most up-to-date, evidence-based data that can be translated into clinical practice.

Information and data will address, new developments in treatments and new directions in research to address the professional practice gaps of the learners and advance the physicians' competence and effective use of targeted skills so that they may develop strategies to apply the knowledge, skills and judgement of the information presented in the educational activity into their practice.

The learning objectives for this activity have been designed to address clinician competence.

ACCREDITATION

The Texas Society of Psychiatric Physicians designates this Live Activity for a maximum of ten (10) *AMA PRA Category I Credit*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Texas Society of Psychiatric Physicians is accredited by the Texas Medical Association to provide continuing medical education for physicians.

The presentation entitled “Ethics: Risk Management: Overcoming Barriers to Implementation in Telepsychiatry” has been designated by the Texas Society of Psychiatric Physicians for two (2) hours of education in medical ethics and/or professional responsibility.

NEEDS ASSESSMENT

TSPP has incorporated into this CME activity the relevant educational needs concerning competence that underlie the professional practice gaps of our participants.

FACULTY AND STAFF DISCLOSURE POLICY

The Texas Society of Psychiatric Physicians will disclose to participants the existence of any relevant financial relationships between faculty members, TSPP staff and members, who planned, authored, contributed to, and/or reviewed the content of this activity, and any commercial interest discussed in this educational activity. Disclosure will occur through written communication in the syllabus / handout material.
