Dear Colleague,

In order to familiarize Texas psychiatrists with the research efforts and achievements of their colleagues, the Continuing Medical Education Committee of the Texas Society of Psychiatric Physicians is soliciting scientific posters for the November 11-13, 2016 60th Annual Convention to be held at the Marriott Quorum by the Galleria Hotel in Addison/Dallas.

We would like to encourage Texas members-in-training / residents to collaborate and network with each other in the state. The TSPP annual convention seems to be an ideal setting for this. The posters need not be especially made for this meeting. Posters presented at the APA or at other scientific meetings within the last year would be appropriate. Our hope is to support collaborative interaction among the Texas researchers and also to familiarize the general membership about new advances made in the state.

The poster session is open to all resident **members** of organized Psychiatry (Texas Society of Psychiatric Physicians, Texas Academy of Psychiatry or Texas Society of Child and Adolescent Psychiatry). If you are not already a member, please consider joining organized psychiatry today (TSPP/APA or TSCAP/AACAP or TAP) by emailing our office for further information at tsppofc@aol.com! The exhibit boards for the posters measure 4 x 8 feet and must be reserved by TSPP in advance.

Enclosed you will find an application form for the poster session. Please complete the form and return it to the TSPP Office by October 15, 2016. This will allow us time to provide adequate space for your poster presentation at the hotel.

Sincerely yours,

Gary Etter, M.D.
